Hi Nichole - Enrique will kick it off, ask what level of background info is needed, then probably have Angeles and John Chesnutt offer a more detailed discussion.

Sounds good. I will be on the call and can frame it up and then kick it to the region.

Please let me know who will lead for R9.

Again, my apologies. Not sure how that got mistaken as I was doing this at the request of

I had stepped out of your discussion with Jessica Kao and others for another call, but Bill Keener told me to reach out to schedule a call for Friday morning. I was not sure if you were available but your most welcome to participate. My apologies if

my attempt to schedule was not what you thought it was. I was getting my direction from Bill Keener.

Robert -

I tried calling your office to reach you directly, but your office had closed for the day. My colleague, Nicole Distefano, shared your message regarding your interest in a briefing from EPA regarding the letter EPA Region IX sent to the Navy regarding the **Hunters Point Naval Shipyard** cleanup. I wanted to see if you would be available for a call with my Superfund Division colleagues on **Friday, September 30th at 10:30am PT (1:30pm ET)**. We could also do a call at 11:00am PT (2:00pm ET) if the suggested 10:30am time does not work.

Participants would include: Enrique Manzanilla, Superfund Division Director, Angeles Herrera, Superfund Assistant Director, Kelly Zito, Director of Public Affairs, and Dean Higuchi, Congressional Liaison

If this suggested time works, I have set up a conference line for this discussion.

Thanks Kenneth!

Hi Nicole, I'm looking to have EPA brief the office regarding this letter (attached) Region IX sent the Navy regarding the Hunters Point Naval Shipyard cleanup. I

have the Navy briefing us on Tuesday, and wanted to make sure and connect with EPA as well.

Best,
Robert
